PROFILE

Computer Science student at Lebanese University with a strong foundation in programming and problem-solving. Interested in Artificial Intelligence, data-driven systems, and software development. Currently learning Python to expand skills in data analysis and machine learning. Seeking an internship opportunity to gain practical experience in AI and research-based environments.

EDUCATION

Lebanese University – Faculty of Sciences

Bachelor's in Computer Science

2024 – Present (2nd Year)

Relevant Coursework:

Web Development, Data Structures, Imperative Programming (C), Object-Oriented Programming, Databases, Operating Systems, Computer Architecture, Networks, Graph Theory, Mathematics & Statistics.

TECHNICAL SKILLS

- * Programming: C, Java,
- * Currently Learning: Python
- * Web: HTML, CSS, basic JavaScript DOM
- * Tools: Git, GitHub, Linux (basic)
- * Core Skills: Problem-solving, debugging, teamwork, fast learning

EXPERIENCE

Research Intern

Centre for Asian and Chinese Studies – Lebanon

Summer 2024 (2 months)

- * Supported academic research activities and assisted in organizing and structuring research materials
- * Contributed to data and content organization within ongoing research projects
- * Gained exposure to research workflows and digital tools used in academic environments
- * Developed interest in the intersection of computer science, data, and interdisciplinary research

PROJECTS

Web Development Project – GitHub

- * Built a responsive website using HTML, CSS, and JavaScript
- * Implemented basic interactive features using JavaScript
- * Used Git/GitHub for version control and project tracking
- * Strengthened understanding of frontend development and programming logic

CERTIFICATION

- * Microsoft Office Certification
- * Practical experience with Git/GitHub through academic and personal projects

LANGUAGES

- * Arabic: Native
- * English: Upper-Intermediate

INTERESTS

- * Artificial Intelligence
- * Machine Learning
- * Data Analysis
- * Software Development
